The Knobstone Hiking Trail—Connecting People—Connecting Communities

www.knobstonehikingtrail.org—www.hoosierbywaysandpathways.com

Dear Folks,

This Town Guide has been produced in an effort to ease your way as you plan a thru hike, section hike or a day hike on the KHTA. The major sources of supplies and interest are noted in the towns nearest to the trail—food and lodging. There are several on route resupply opportunities and a number within about two miles of the trail. The Leesville Store and the Norman PO have maps and directions into the KHTA Map Set. Water availability is noted in both the KHTA Data Book and the KHTA Map set. At the end of this publication is a list of Emergency Services, Forestry Contacts, Shuttle Providers, and Post Offices for mail drops.

This is a work in progress. The KHTA is a young but growing volunteer organization. As such we need support and suggestions from a variety of sources. Your comments and suggestion on this Town Guide, and the accompanying Map Set and Data Book are both welcomed and needed. This first publication is mean to lay a foundation for other improvements to follow down the road.

The KHT Data Book, Map Sets, Town Guide, a gpx file of the KHT, and other info can be downloaded from my website at www.hoosierbywaysandpathways.com.

On a personal note, my retirement cabin is located a couple miles off the trail a few miles South of the Spurgeon Hollow Trailhead. You are welcome to camp there in the yard. There is year round well water (untreated) in the outdoor faucet on the deck. I am developing Hostel accommodations for hikers in my barn complete with a full bathroom. In the near future this will be available for hikers. You can find a map on my website at www.hoosierbywaysandpathways.com.
